

C R A N M O R E  
EXCELLENCE IN DENTISTRY

## **Cranmore Academy Paediatric Study Clubs Limited Places Available**

Monday  
24.10.11

### **Management of Dental Trauma in the General Practice Setting**

#### **Aim**

To provide an overview of management of trauma in children and adolescents.

#### **Objectives**

- To review the types of dental trauma that may present in practice in the primary and permanent teeth.
- To review the emergency management of trauma cases in the primary and permanent dentition.
- To discuss the intermediate and longer-term management of traumatised teeth.

Monday  
14.11.11

### **The Indications and Techniques of Stainless Steel Crown Placement in the General Practice Setting**

#### **Aim**

To discuss the role of stainless steel crowns in primary care and to provide practical demonstrations of technique.

#### **Objectives**

- To discuss the indications for stainless steel crowns.
- To demonstrate the 'conventional' placement of stainless steel crowns.
- To demonstrate and discuss the 'Hall Technique' placement of stainless steel crowns.

**Please feel free to bring along any paediatric cases that you may wish to discuss.**
